THE LIBRARY STAFF WISHES EVERYONE A MERRY CHRISTMAS AND HAPPY NEW YEAR !!

Let's Discuss Book Club

Title: Radium Girls

Author: Kate Moore

Date: Thursday, Jan 11, 2024 @ 2pm

The incredible true story of the women who fought America's Undark danger

The Curies' newly discovered element of radium makes gleaming headlines across the nation as the fresh face of beauty, and wonder drug of the medical community. From body lotion to tonic water, the popular new element shines bright in the otherwise dark years of the First World War.

Meanwhile, hundreds of girls toil amidst the glowing dust of the radium-dial factories. The glittering chemical covers their bodies from head to toe; they light up the night like industrious fireflies. With such a coveted job, these "shining girls" are the luckiest alive — until they begin to fall mysteriously ill.

But the factories that once offered golden opportunities are now ignoring all claims of the gruesome side effects, and the women's cries of corruption. And as the fatal poison of the radium takes hold, the brave shining girls find themselves embroiled in one of the biggest scandals of America's early 20th century, and in a groundbreaking battle for workers' rights that will echo for centuries to come.
